Aerotropolis The Way Well Live

Kasarda's theories are presented in the ambitious Aerotropolis: The Way We'll Live Next, which is written by [Greg] Lindsay, who as the Journalist onboard fulfills the role of eager messenger . . . [He] flies around the world, conducting interviews, seeking evidence, translating Kasarda's technical jargon into a lively if sometimes flawed work of pop behavioral economics. . .

Aerotropolis: The Way We'll Live Next: Kasarda, John D ...

An excellent book everyone should read. The co-author, Greg Lindsay, builds on John Kasarda's theories of the aerotropolis in a series of chapters reminiscent of John McPhee. Instead of being subtitled "The Way We'll Live Next" it could just as easily be subtitled "Why Everything You Think About Airports, Greener Living and Globalization Is ...

Aerotropolis: The Way We'll Live Next by John D. Kasarda

This brilliant and eye-opening look at the new phenomenon called the aerotropolis gives us a glimpse of the way we will live in the near future—and the way we will do business too. Not so long ago, airports were built near cities, and roads connected the one to the other. This pattern—the city in the center, the airport on the periphery— shaped life in the twentieth century, from the ...

Greg Lindsay | Aerotropolis

Aerotropolis: The Way We'll Live Next? December, 2011. Originally published in Atlantis, Dec. 2011 edition. John D. Kasarda is co-author of the new book Aerotropolis, an astonishing treatise on the metropolis of the future and the integral role of the airport.

Aerotropolis

Dr. Kasarda defined the term "aerotropolis" and works with airports, cities, and countries worldwide to leverage airports and aviation for commercial development and economic growth. "Airports will shape business location and urban development in the 21st century as much as highways did in the 20th century, railroads in the 19th and seaports in the 18th" • John D. Kasarda
