European Consumer Access to Justice Revisited by Stefan Wrbka

My latest book, European Consumer Access to Justice critically examines the attempts at the EU level to increase consumer confidence in the (cross-border) market by evaluating both existing and planned EU consumer laws in selected areas. The research rests on the assumption that economic growth is inextricably linked with the question of whether consumers can – and actually do – trust in the market and the legal framework that aims to create a true level playing field among the actors ...
