Ford & Fordson Models - OEM Brand - Replicas - Farm

Ford Tractor Parts The original automatic draft control on the Ferguson system would allow the depth of the implement to vary based on soil conditions, which did not work well for some implements. The new Position Control setting bypassed the draft control and allowed the implement to remain at a consistent position relative to the position of the Touch Control lever.

In 1907 Henry Ford built his first experimental tractor. He spent many years and more than \$600,000 dollars developing a good, inexpensive tractor which he gave the name of "Fordson". A new company, "Henry Ford & Son" was created to mass produce the tractors. By 1920, the distribution of the Fordson was shifted to the Ford Motor Company.
