Democracy in Africa is measured by a variety of indexes primarily devised by Non-Governmental Organisations (NGOs), such as Freedom House's Freedom in the World index, and the Fraser Institute's Economic Freedom of the World index. Both organisations measure a range of factors including human rights, property rights and free elections to determine the status of states as 'free', 'partially ...

### Democracy in Africa - Wikipedia

At the Ford Foundation, we believe democracy is worth the challenge. This is not in spite of but precisely because democracies don't succeed on their own. To thrive, a democracy needs people to participate: to get informed about the issues of the day, pay attention to what their representatives are doing, hold those representatives accountable, and make their own voices heard.
