jQuery Pocket Reference by David Flanagan

I was a big fan of Flanagan's definitive javascript book. While that was a thick tome it gave me an excellent grounding in the intricacies of javascript. While initially dissappointed that David had only released a pocket reference for JQuery I am now convinced that not much more is needed.

Downloaded from : iDATA

"I've enjoyed previous books by David Flanagan and decided to read jQuery Pocket Reference. I thought I would quickly skim through the chapters because I considered myself fairly proficient in jQuery. After the first chapter and Flanagan's explanations of jQuery's method, object, and function ('a' versus 'the'), I decided to read more in-depth.
