The ALD loop is the MXL's main line. you

## Access Free Mxl Fire Panel Maintenance Manual

can't mix and match devices on ALD and XLD loops, each have their own specific devices. MXL's were given an end of life a few years ago though (meaning no new installations allowed, just upgrades and maintenance), so any device could be considered old. It's just that ALD devices are old, XLD are super old.
